10	Kern Front (Chanac)		Approved by EPA	
11	Cymric		Approved by EPA	
12	McKittrick		Approved by EPA	
13	San Ardo/McCool Ranch		Approved by EPA	
14	Arroyo Grande		Approved by EPA	DOGGR Received ROD and AE enclosures 4/30/2019.
15	Edison Phase 1		Approved by EPA	DOGGR Received ROD and AE enclosures 5/15/2019.
16	Lost Hills 1	(a), (b)(1)	Approved by EPA	DOGGR Received ROD and AE enclosures 5/21/2019.
17	North Belridge	(a), (b)(1)	Approved by EPA	DOGGR Received ROD and AE enclosures 6/7/2019.
18	Midway-Sunset (Deeper Formations)	(a), (c)	Approved by EPA	DOGGR Received ROD and AE enclosures 5/31/2019.
19	Edison - Phase 2	(a), (b)(1)	Approved by EPA	DOGGR Received ROD and AE enclosures 7/1/2019.
20	South Belridge - Western Area	(a), (b)(1)	Approved by EPA	DOGGR Received ROD and AE enclosures 3/13/2020.
21	Lynch Canyon - Lanigan	(a), (b)(1)	Submitted to EPA - DOGGR responding to EPA questions	09/04/19 Final Transmittal letter at DOGGR HQ for signing. 10/29/19 Uploaded entire package for Agency review to Box.com 2/26/2020 Submitted Package to EPA with transmittal letter. 04/02/20 Working with operator to answer questions from US EPA. 05/07/20 Should be able to share with SWB the answers to USEPA questions by 05/15/20 05/21/20 - Division has completed work with operator for answer to USEPA questions. Working with HQ to complete Shapefile of AE. 05/27/20 - Received Shapefile for area without the current exempt area. Working with Division management to share responses with SWB. 06/18/20 - Responses to US EPA questions shared with SWB.
22	Sespe	(a), (b)(1)	WB issued Final Concurrence Letter. District finalizing AE document for submission.	Coastal waiting for GIS documentation from operator (Carbon California), expected on mid-April 2019. District received updated Vertices Map and is reviewing. 5/13/2019: Will contact GIS for new shapefile before sending out next week. 7/7/2019: Waiting for review by HQ DOGGR. 07/18/19 Final Transmittal letter from the State to USEPA ready for signature. 08/01/19 Final Transmittal letter at DOGGR HQ for signing. 10/29/19 Uploaded entire package for Agency review to Box.com
23	Coalinga/Jacalitos	(a), (b)(1)	WB issued Final Concurrence Letter. District finalizing AE document for submission.	4/29/2019: (JB/SWB) Inland received SWB comments/questions (#2) that still remain regarding Table 5.1.1. Unclear if ground survey was conducted for water wells not associated with oil field water wells (as listed in Appendix 5-i) and, if not, how some of the information was determined without a ground survey. 6/04/2019: (JB w/SWB) SWB has reviewed and agrees with the updated documents (Table 5.1-1, Addendum text and response to comments). There is still data missing from the water well survey. DOGGR will look at adding language in the application that "an effort was made to collect information" referencing ground survey. 6/15/2019: (JB w/SWB) Confirms DOGGR has adequately amended the Addendum by updating narrative to explain efforts made to identify missing information, those efforts included database searches and aerial image review. 6/15/2019: (MVG) SWB will now prepare a Final Concurrence Letter. 9/16/2019: (WB-JZ) WB Final Concurrence Letter approvals in process, WB review internally moving forward. 10/2/2019: (MVG) WB requests stamp. Matt evaluating technical review. 11/01/2019: (MVG) Discuss/define w/ SWB, DOGGR responses assoc. w/ letter #2 dated February 2, 2017, that require validation (stamp). 11/20/2019: (MVG): DOGGR review under process prior to validation (Stamp) and submitting to WB. 1/8/2020: (MVG): CalGEM forwarded stamped memos, cross sections and original documents to WB for review. 2/26/2020 Final Water Board Concurrence 05/07/2020: (MVG): Preparing response to EPA questions. 5/20/2020: (MVG): HQ reviewing response from district to EPA preliminary questions. 6/16/2020: (MVG): AE proposal digital copy transmitted, and hard copy mailed to EPA.
24	Cat Canyon	(a), (b)(1)	Public hearing complete, comments answered and reviewed.	5/13/2019: Preparing documentation to be posted to our website. District is working on handouts (FAQs) for hearing. 6/5/2019: Held hearing 7/7/2019: Working on responses in Legal and ORLA units. Approximately 100 unique comments (received 100s of form letters). District has not received any specific requests to comment from HQ. 01/21/20 District is working with the 3rd party contractor to complete the technical comment answers. 02/06/20 All comments have been answered and reviewed by the District, Legal, and SWB. Awaiting upper management direction. 03/19/2020 Comments and responses have been passed along to WB for review. 05/21/20 SWB comments have been received. Working with Legal to finalize document.
25	Oxnard	(a), (b)(1)	WB issued Preliminary Concurrence Letter. Preparing for public hearing.	An integrated AE package (with WB's questions and responses) is being finalized with operator. To be sent to EPA for informal review. 5/13/2019: Still with the operator, has been occupied with other priorities. 7/7/2019: Prepared responses to EPA preliminary comments. Updating tables and figures. Also waiting on operator to review changes and approve edits. 07/18/19 Application ready for SWB review prior to submitting to USEPA for an informal preliminary review. 08/20/19 Application submitted to SWB for review. 10/10/19 DOGGR received USEPA's Preliminary Review and is currently working on answers and updates. SWB will have an opportunity to review and respond prior to going to public comment. 01/21/20 District is working on completing public comment period documents and setting up a public comment hearing. 02/06/20 District is working on completing an enhanced water well survey. 04/02/20 District has shared preliminary State responses to US EPA questions with SWB and is working with operators to complete responses.

26	Holser	(a), (b)(1)	WB issued Preliminary Concurrence Letter. Preparing for public hearing.	<p>AE package sent to WB for review 4/3/19. District has updated the package into one document, ready to send to US EPA for an informal review.</p> <p>5/13/2019: Shared informal with EPA on Friday 5/10</p> <p>7/8/2019 Working on responses to EPA comments. Also change in groundwater basin map may require update to that figure.</p> <p>07/18/19 Operator has updated the figures and is now completing table data cleanup and responses to USEPA comments.</p> <p>10/17/19 DOGGR shared the complete updated package with SWB.</p> <p>10/28/19 PG stamped updated AE package shared with SWB.</p> <p>01/02/20 District is working on completing public comment period documents and setting up a public comment hearing.</p> <p>04/02/20 District shared an updated AE package with SWB.</p> <p>06/05/20 - Working with Department Outreach Coordinator for online Public Hearing options.</p>
27	Lompoc	(a), (b)(1)	District finalizing AE document after WB review and comments. Count	Additional Aquifer Exemptions	Exemption Criteria CFR 146.4	Status as of Thursday, May 21, 2020
1	Livermore	(a), (b)(1)	Approved by EPA-DOGGR Received ROD and AE enclosures 5/7/2019.
2	Casmalia	(a), (b)(1)	WB sent comments to District 2/21/19. Proponent and consultant is targeting May 1, 2019 to submit updated package to Coastal. Did not receive, new target date is end of May. 10/17/19 Operator's consultant is completing the AE package and hopes to have something to DOGGR by the end of October. 01/21/20 The 3rd party contractor is completing the application and has a PG working on it. 04/02/20 if District does not get a response by the end of April, will request fluid front calculations of wells within approved area and if they exceed the boundary, orders to shut in will be produced. 05/07/20 District received an updated AE package on 04/24/20 and is currently reviewing it. Preliminary Concurrence expected November 2020. 06/05/20 - District returned application to the operator for additional corrections
3	Deer Creek	(a), (b)(1)	District responded to WB questions 1/28/19. Concerns on containment and water well issues. Operator/Consultant (WZ) and Inland working on it. 4/08/2019: (JS) District researching fluid level data for "D" marker. Location and production for high capacity wells. 5/13/2019: DOGGR has reached out to the WB. 5/29/2019: (AVZ) Conferred w/ WZ on necessary action items and requested additional data from WZ in support. Working through Questions/Comments from DOGGR & SWB meeting 3/14/2019. DOGGR needs to identify the 3 high capacity water wells in Sec. 33, T 22S, R 27E. 9/4/2019: (AVZ) Meeting with WZ to discuss the project's current status, pending requests, and questions. DOGGR will schedule a meeting with the Waterboard to get more information about the remaining water well and discuss the Waterboard's concerns about the D Marker. 10/28/2019: (AVZ) Meeting planned Thursday, Nov 7th with SWB to discuss marker "D" & high capacity water well locations. 11/20/2019: (AVZ) Received water well survey list from SWB on (11/19). Under review by DOGGR. 04/01/2020: (AVZ) Continue to evaluate high-grade water wells that need to be validated with In AE area. Preliminary Concurrence expected December 2020.
4	Round Mountain (South Area)	(a), (b)(1)	Submitted package to WB for review 3/7/19. HQ sent comments to Inland 2/21/19. Presentation to WBs 3/7/19. 5/13/2019: WB get back to DOGGR in 3 weeks (early June) 5/23/2019 (JZ w/ SWB) District receives 1st round of Preliminary Review questions/comments from SWB. 6/11/2019: (MVG) Notified Operator that Inland had received WB Questions/comments, solicited assistance to address. Will review w/ operator 6/18/2019. 6/18/2019: (MVG) Meet w/ operator to review WB questions and begin formulating a response. 8/12/2019: (MVG) Working with Operator to acquire additional details to respond to WB Questions. 9/6/2019: (MVG) Review project status internally w/ Cameron Campbell - addressing WB questions. 9/9/2019: (MVG) send project docs to Cameron Campbell for review and forwarding to WB. 9/30/2019: (MVG) Cameron sent response to WB. 12/4/2019: (MVG) Matt updating water Well Survey. (WTL) review/confirm proposed vertical exemption zone. 02/05/2020: (MVG): Discussed with Operator on the vertical extent. The operator expressed that there are no confining barriers in the sand to reduce the vertical extent. 04/01/2020: (MVG) : Preparing response to WB. 5/14/2020: (MVG) :WB forwarding a copy of the Round Mountain South Area Aquifer Exemption proposal to local water agencies in the area for their feedback on any current or potential beneficial use water. Preliminary Concurrence expected December 2020.
5	Northeast Edison	c) b) I	On pause from operator due to other priority. 4/24/2019: (WM) Review project status & send inquiry to operator regarding interest level - App text needs updating. 5/13/2019: Submitted complete app on 5/6/2019. 5/20/2019: (WM) DOGGR sends response back to Hathaway w/ recommended comments for further App modifications. 8/13/2019: (WM) Operator submitted app#2 to DOGGR on 5/3/2019. DOGGR reviewed app and sent feedback on 5/20/2019. No update since
6	Lost Hills Phase 2		Updated AE document not yet received. No Change-Waiting for official application
7	Kern Bluff		AE document (from Citadel E&P) not yet received No Change-Waiting for official application

8	Blackwell's Corner	a) b)1 or c)	<p>AE document (from E&S Natural Resources) not yet received. 4/25/25: (WM) Operator update District regarding Application changes - working on Tulare Top Seal. 5/13/2019 No Change. 5/16/2019: (WM) Operator writing application. 8/13/2019: (WM) Operator working on writing application. Communication from 6/6/2019 indicated operator was having well logs digitized so they can better characterize the Tulare seal throughout the field. No update since. 9/12/2019: (WM) Met with operator and discussed possible additional modifications to App., Application not ready for submittal. 12/04/2019: (WM) Last communicated with operator on 10/24/2019. Operator has been working on demonstration of clay content in Tulare and also digitizing additional well logs to the north end of the proposal area to validate extent of Tulare seal. Application not ready for submittal.</p>
